

BZE million jobs plan

Green Industrial Revolution

Carbon descent pathway:
Green growth->Green degrowth

Market intervention:
Carrots/Sticks

Agriculture, Forestry,
Agroforestry, Fishing,
Aquaculture, Viticulture

Gross National Happiness

Green Economics

Green accounting

Horticulture,
aquaponics,
hydroponics

Permachar, 16/2/21

Half-Earth project

Environmental stewardship eg. Indigenous

NRM

IWM (water)

Green Hydrogen

Biochar

There are many

Apptech/Greentech

Paris Climate Agreement 2015

Carbon plan/Carbon neutral by 2035

100% Renewable energy by 2030

Bioregional planning around river basins

Fe redox flow batteries

Perovskite 'Hot carrier' PV cells (Lead free)

Green chemistry

Citizen's assembly

An open source 'Climate plan for a climate emergency'

Permaculture

Design web of relationships

Principles

COVID-19

'Greener' Military

NGOs

SME

Government

Green finance

GCF

Responsible Mining eg. TO consultation, minesite rehab/reclamation

Large Corporations: quadruple bottom line

Green Construction

Seed funding for green startups

Adaptation via Carbon mitigation and Carbon offsetting et al

Green Supply chains

Green Transport

Ecotourism

Logistics

Emergency services
